

Welcome!

We are pleased to welcome you to the Natural Care Center at Woodwinds, and we are thankful you have chosen our clinic to partner with you in restoring and maintaining your optimal health.

The University

The Natural Care Center at Woodwinds is a clinic of Northwestern Health Sciences University, which offers natural health care academic programs in chiropractic, acupuncture, Oriental medicine, massage therapy, and human biology. Northwestern is located on a beautiful 25-acre campus in Bloomington, Minnesota, and is home to 800 students and nearly 300 employees.

Our Intern Program

The Natural Care Center at Woodwinds is an important educational site for our senior interns and offers them a clinical experience in a unique integrative setting. Students will participate in your care in varying degrees based on their trimester of clinical study. We encourage you to collaborate with your health care provider and the interns in meeting your health care needs.

Our Hours

We strive to exceed your expectations and offer appointments from 7 a.m. to 7 p.m. Monday through Friday. Please note that there are a few times during the year the clinic will be closed due to University functions and holidays. We will notify you of those closings by posting changes to clinic hours throughout the clinic as well as on the clinic voicemail. We encourage you to call ahead for your supplement needs and we will gladly have them ready for you to pick up at a time which is convenient for you.

Your Insurance

Northwestern Health Sciences University participates in several insurance plans for chiropractic services. Our Patient Services Coordinators will contact your insurance carrier for verification of benefit; however, this does not guarantee payment, and we encourage you to contact your health plan with questions regarding covered services. Copayments, deductibles, and non-covered services require payment at the time of service.

Cancellations

To maintain our excellence in customer service, we require a 24-hour cancellation notification for massage, naturopathic, Oriental medicine, and acupuncture services. We have many same-day requests for these services and strive to meet the needs of our patients and clients by requesting a 24-hour cancellation notification. Failure to notify the Natural Care Center will result in a charge for a service scheduled.

Our Services

We offer services in chiropractic, Oriental medicine, acupuncture, naturopathic medicine, massage therapy, and healing touch. We also offer a wide variety of nutritional supplements and natural personal care items. Please notify a Patient Services Coordinator, Retail Associate, or your health care provider if you would like more information about any of these services, products, or educational opportunities.

Thank You!

We appreciate that you have chosen the Natural Care Center at Woodwinds. We continually strive to exceed your expectations and partner with you in optimal health.
