Name and Location of Repository:

Northwestern Health Sciences University, Greenawalt Library. 2501 West 84th Street, Bloomington, MN 55431. 952-885-5419. library@nwhealth.edu

Title: NWHSU Collection of Photographs and Clippings

Dates: 1950s-1980s?, undated

Extent: 1 small document case, 5 items in the shared Oversized Photographs box

Name of Creator(s)/Collector(s): Unknown. Some material likely drawn from the J. Lamoine De Rusha donation. Collection was processed and likely created by former library technician Corinne Florin in July 2003.

Scope and Content

This collection contains photographs drawn from various library and university holdings and archives donations before most collections were processed. Some materials that appeared likely to have been disassociated from the De Rusha donation prior to its processing have been transferred to that collection during the 2017-18 archives survey process. These materials have been documented in the De Rusha collection finding aid. The previous version of this finding aid can be consulted to see these materials' former locations in this collection. Oversized photos are housed in the Oversized Photographs box. Items in this collection are each tagged with an item number on the reverse.

The collection also contains copies of some materials used in a presentation given by then-chiropractic student David Hinz in 1987. Hinz wrote an article published in *Chiropractic History* in 1987, and these materials are related to that article. Original presentation materials have been de-accessioned and discarded, as they were copies themselves and were in poor shape due to lamination and acidic mountings.

The collection also contains newspaper clippings. These may have been part of the De Rusha donation.

Conditions Governing Access: None

Physical Access: Materials are housed in archival storage and may require advance notice for access. Older materials have sustained some damage and should be used with caution.

Conditions Governing Reproduction and Use: Copyright to these materials remains with the University. The reproduction, broadcast, display, public presentation, and other uses in any means or format of materials protected by copyright, beyond that which is allowed by fair use, requires written permission of the University. The user is responsible for ensuring permissions have been attained as necessary.

Preferred citation format: [Title and date of item]. NWHSU Collection of Photographs and Clippings, University Archives, Greenawalt Library, Northwestern Health Sciences University, Bloomington, MN.

Languages and Scripts of Material: English

Other Finding Aids: An older version of this finding aid is available upon request from the archivist. No other inventories or finding aids exist.

Custodial History: Unknown

Immediate Source of Acquisition: Unknown

Appraisal, Destruction, and Scheduling Information: Collection was surveyed 2017-2018; some materials were de-accessioned at that time, as noted in the Scope and Contents section. Collection will be reappraised in the 2021-2022 academic year.

Accruals: None anticipated. Any photograph accruals will be arranged and described according to their provenance, or will be added to the Library and Archives' general photograph collection.

Existence and Location of Copies: Unknown, but print copies are unlikely for most materials. Digital copies of materials will be found in NWSU's digital asset management system, Islandora, starting in 2018.

Related Archival Materials: Collection 8 – J. Lamoine De Rusha Collection, Collection 13 – NWSU Collection of University President Materials, Collection 14 – NWSU Collection on University History; Library and Archives photograph collection

Publication Note: None

Notes

Some materials have been transferred to the De Rusha when it was determined that they originated in that donation and that they could be reunited with their originating collection with minimal difficulty. These transferred materials are discussed in the finding aid for that collection.

Former library technician Corinne Florin processed, arranged, and described the collection in July 2003. Methods of initial processing are unknown. Current archivist Monica Howell surveyed and reappraised the collection, and updated its arrangement, description, and housing in 2017-2018.

System of Arrangement: Materials with item numbers are in numerical order within folders in Box 1. Other foldered Box 1 materials are in no particular order; nor are oversized materials in Oversized Photographs box. Folder and item names and descriptions are drawn from previous finding aid.

This collection includes photographs and newspaper clippings regarding people and events at Northwestern College of Chiropractic, and events in which NWCC faculty members took part. Further information can be found in the folder and item descriptions below.
