NORTHWESTERN COLLEGE OF CHIROPRACTIC

2501 West Eighty-fourth Street
Bloomington, MN 55431

Northwestern College of Chiropractic serves to nurture the spirit of individuals devoted to the healing arts. It is here that the foundations of knowledge, truth, and the art of chiropractic are laid; and through these pillars healing is achieved. As we move into the 21st century, we must strive to build our strength and ability to be at the forefront of all health care.

PRESIDENT'S PAGE

Dr. John F. Allenburg

1995-1996: We reflected on our Hundred Year Heritage and Committed Ourselves to Sustaining the Advancement during the Next Century

The highlight of 1995-96 within the chiropractic profession and at Northwestern College was the recognition of chiropractic's 100 years of advancement as a health care science.

The profession gathered in Washington D.C. in July and again during September in Davenport, Iowa, the city in which the first chiropractic patient received an adjustment to his spine to restore hearing in 1895.

On our own campus we commemorated the heritage of our profession's first 100 years with a dress-up Founder's Day dinner which a few hundred students attended. The Richfield American Legion Band played; a soloist sang, You are My Hero and Healing Hands: Student MCA President, Deborah Genrick, spoke about Dr. Daniel David Palmer and the history of the founding of chiropractic; and Dr. Loren Stockton, MCA President, Dr. Robert Thatcher, and Dr. Joseph Sweere shared their experiences in helping people as chiropractors and loving their career. Ryan Haus, SACA President, toasted the founders, the profession and our students in chiropractic.

We surrounded ourselves in the school cafeteria that evening with wall banners of epigrams reflecting the "principles" which have endured for a hundred years asserting the relationship between structural integrity, nervous system function, physiologic system function and people's health. When the evening was over, no one wanted the banners removed from the cafeteria as there was so much pride in our heritage in the principles of chiropractic.

Toward the end of the evening, we turned to the questions: "What will be the future of chiropractic health care in our profession? And will we effectively deal with such major current issues as securing direct access for people to chiropractic within the health care environment, and enabling patient access to all practitioners, including new doctors." The answer was that it's up to us, just as it was for our forefathers. The future is our responsibility.

We affirmed our belief that we can sustain our profession's hundred year advancement and leave mankind better off for our service. All elements of the profession need to work together unselfishly and with persistence, bound in the purpose of advancing the profession to best serve the health of the people.

Afterward, many of us felt that we should have a dinner gathering like that every year, maybe it should be a whole day. A Renaissance Day each year may help continue the inspiration that we derived from reflecting on our hundred year heritage.

President
John F. Allenburg

GOLF TOURNAMENT

Best ball tournament winners with 3 under par were Dorian Swystun, Chad Powell, Dan Lutz, and John Krecklau. The Scramble tournament winners with 6 under par were Andy Pawlovich, Dave Detienne, Chuck Walker, and Derek Reed.

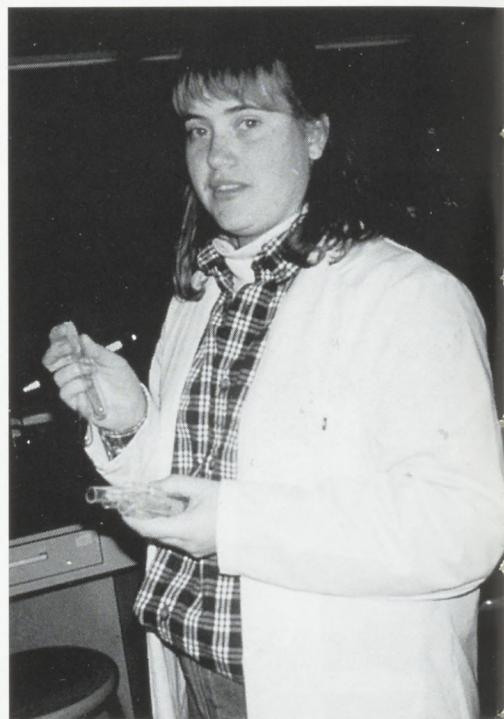

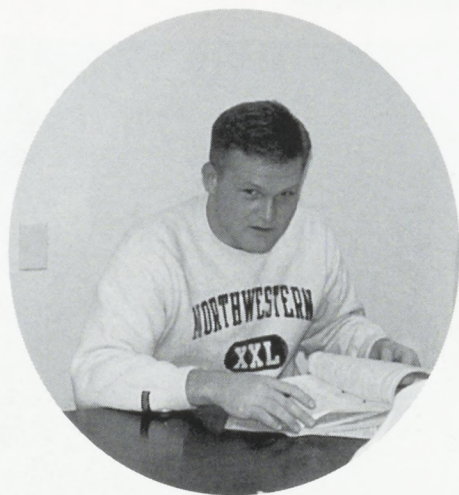

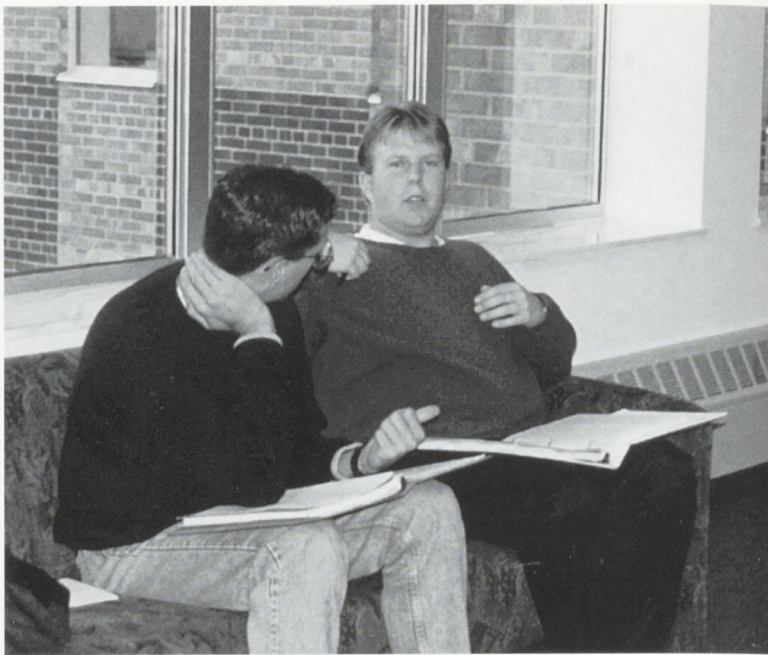

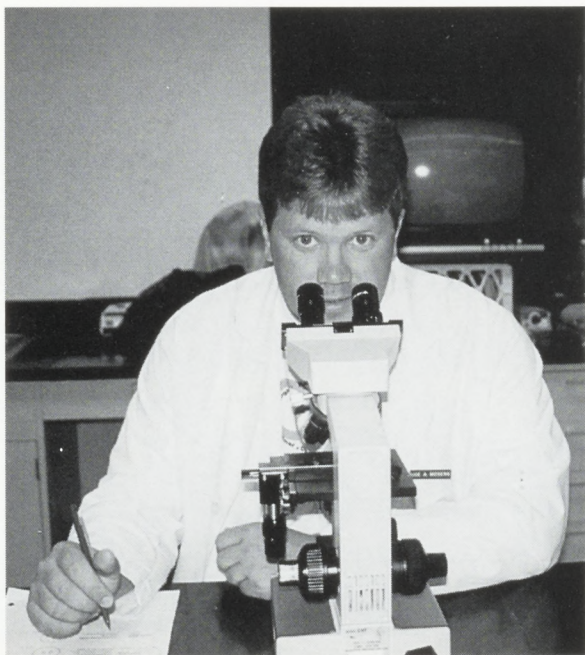

APPRECIATION DAY

On July 11th, NWCC had its 3rd Annual "skip-day". The rain may have stopped some, but for those of us there we made the best of it. It started early in the morning with the golf tournaments at River's Edge and Orno Golf courses. At the park, there were many activities enjoyed including horseshoes, volleyball, swimming, and skiing. We all enjoyed a day without classes and are looking forward to next year!
