# A Note from Your President

As you take your first steps as a new natural health care practitioner in the months and years ahead, your focus will naturally be on today, tomorrow, and next week. Building a practice, maybe moving to a new state, and raising a family will consume most of your waking moments as you pursue your dreams.

But one day, years or perhaps decades from today, you will leaf through these pages and rekindle the emotions and thoughts that characterized your years pursuing a degree or certificate as a natural health care practitioner at Northwestern Health Sciences University. It is then that the value of this yearbook will become truly apparent. A certain picture, maybe of you in a hands-on class or of a classmate in the cafeteria, will transport you back years or decades to the very hallway of Northwestern. The sounds, the sights, maybe even the smells will reach out over the years and touch you.

At that moment, the value of your education at Northwestern will crystallize. In those years since you graduated, you will have treated thousands - maybe tens of thousands - of men, women and children. For many of them, your care will have lifted them from years of pain and suffering. You will have validated your decision to become a natural health care practitioner.

I congratulate you on your hard work and dedication over the last three-plus years at Northwestern as you sought to realize your dreams. When I think back to 1963, the year I graduated as a doctor of chiropractic, I can recall how happy I was to be out of school and opening a new practice in Charlotte, Michigan. I lived for today and tomorrow. But now, nearly four decades later, I have time to reflect on my years pursuing a degree as a natural health care practitioner.

And what I realize is that my dreams have become reality, and I am blessed to be one a member of one of the most wonderful careers in life - healing people Naturally.

Good luck in the years ahead.

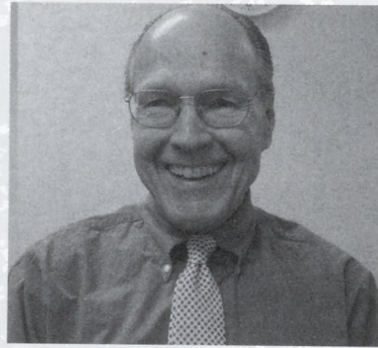

Alfred Traina, D.C.  
President, Northwestern Health Sciences University

A handwritten signature in black ink, appearing to be 'Alfred Traina', written over a horizontal line.

# Dedication is the Key.....

The 2002-2003 yearbook is dedicated to Dr. Norman Horns. He has taught at Northwestern for many years. Recently, students of Northwestern started a scholarship in honor of Dr. Horns for his dedication to the students, Northwestern, and chiropractic. The following is a portion of a letter written by Beth Adams-Spencer, a T6 student, about this scholarship: "As a representatvie of the current T6 class in the College of Chiropractic, I am writing to invite you to join us in developing the new Dr. Norman Horns Faculty Legacy Scholarship. We are creating a new scholarship for all the future students of Northwestern while at the same time honoring all of the professors whom we have come to love and respect.

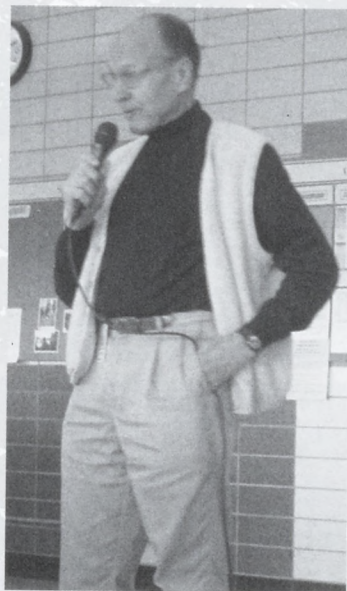

Dr. Horns is a man dedicated to health, education and his students. He takes the time to know each of us by name and his door is always open to us if we need help even if that means he has to give out his home telephone number. For those who don't know Dr. Horns, he is a medical doctor who worked for many years as a pathologist before coming to Northwestern to teach. Perhaps this is the one of the most inspiring aspects about him. Dr. Horns loves his students and believes we each have the potential to become good doctors; every day he exemplifies how the allopathic world and chiropractic world can work hand-in-hand when individuals are open-minded. We all need to be reminded of this more often.

Earlier this trimester, as we were preparing for Part I Boards, our class wanted to come up with a meaningful way to say thank you to Dr. Horns for giving us a free, extracurricular review of pathology. He would not accept a monetary donation or a gift, so instead we decided to create a scholarship fund in his honor."

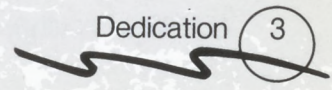

Right: Dr. Horns says thank you to the students for the honor. Many listeners teared up when he spoke.

Dr. Horns has been a wonderful asset to Northwestern. All who have met Dr. Horns will agree that not only is he an excellent teacher and mentor, but he is also a very kind and loving man. He brings together allopathic medicine with chiropractic, while demonstrating what every great doctor should always possess: compassion and the desire to help people, with whichever means that may entail.

On behalf of Northwestern, the students, and chiropractic, thank you for your commitment and compassion.

## MISSION STATEMENT

The College of Chiropractic program provides a professional education comprised of the knowledge, skills and attributes necessary for one to practice chiropractic effectively, ethically and safely as a portal-of-entry, primary care chiropractic physician.

Dr. Robert Scott  
Dean of the College of Chiropractic

**EXPLANATION OF PROGRAM:** The Doctor of Chiropractic program is a professional level, 10 trimester education that leads to the degree Doctor of Chiropractic (DC). Students entering the DC program must possess a minimum of 90 semester credits (three years) of undergraduate course work. Of this requirement, 60 credits are distributed in prerequisite course work in the sciences, humanities, and liberal arts.

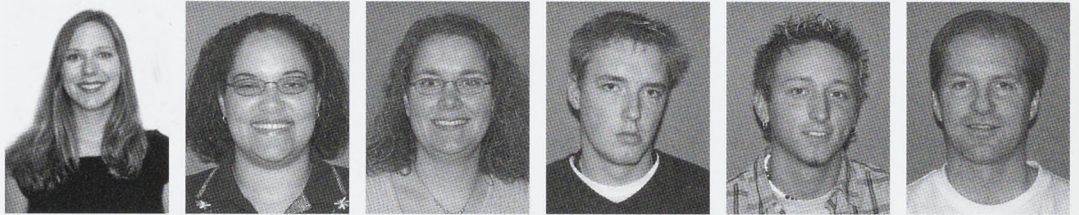

**HISTORY OF THE PROGRAM:** Northwestern College of Chiropractic was founded June 2, 1941 by Dr. John B. Wolfe, D.C. The current enrollment of 600 students has outgrown three campuses, finally settling on our current campus in Bloomington. In 1984, Dr. Wolfe retired as president and Dr. Don Cassata was appointed as the second president and served until 1991. Northwestern's third president, Dr. John Allenburg, led Northwestern's transition from College to University and served as president until his retirement in 2001. Northwestern's fourth and current president, Dr. Alfred Traina is returning to Northwestern after holding the senior administrative position at LACC.

Northwestern College of Chiropractic has continually been on the forefront of chiropractic education. Northwestern was key in the development of the Council on Chiropractic Education (CCE). It pioneered the 6 year chiropractic academic program which became a requirement of all chiropractic programs by the CCE several years later. More recently Northwestern initiated the Community Based Internship Program (CBI) which has since been replicated by the majority of chiropractic colleges. Currently Northwestern continues to be a leader in quality, diverse clinical education with its integrative care clinic, Woodwinds Natural Care Center, located in a major metropolitan hospital.

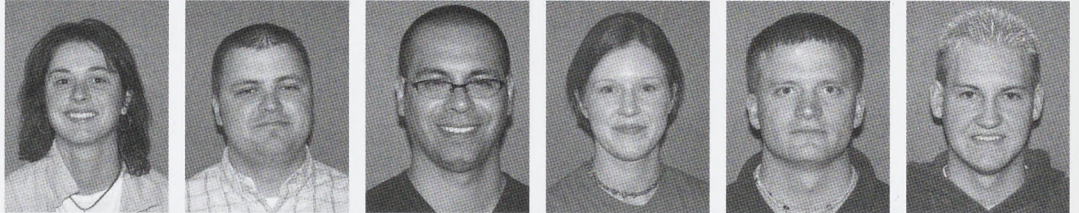

**DEAN OF THE PROGRAM:** Dr. Robert Scott has been the Dean of the College of Chiropractic since September 2002. A graduate of Northwestern in 1992, Dr. Scott brings a diverse educational and clinical background to the position. Dr. Scott has a Bachelor of Science in Human Kinetics, a Master of Science in Exercise Physiology and a M.Ed. in Educational Administration. Currently, Dr. Scott is completing his Ph.D. at the University of Minnesota investigating the effects of chiropractic adjustments on vascular reactivity. Dr. Scott and his wife, Dr. Krista Boline, have owned five chiropractic clinics, including multidisciplinary clinics, and have practiced in both Canada and Minnesota. Prior to taking on the position of Dean, Dr. Scott has served as the Associate Chief of Staff of Clinics at Northwestern.

Dr. Dale Healy  
Dean of the School of  
Massage Therapy

# School of Massage Therapy

## MISSION STATEMENT

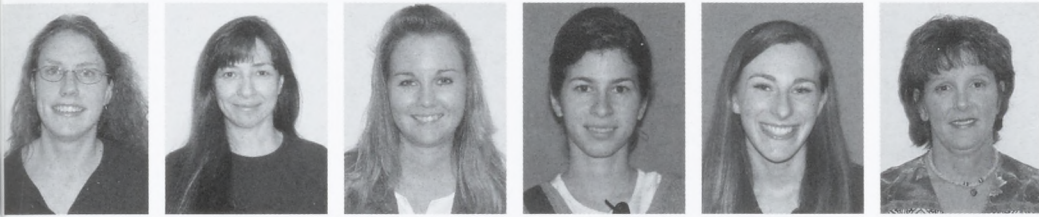

The mission of the School of Massage Therapy is to provide quality education and clinical development in the field of massage therapy.

**EXPLANATION OF PROGRAM:** The program is 780 hours in length and takes 1 year (3 trimesters) to complete. Applicants must be at least 18 years of age at the time of admission, have earned a high school diploma, its foreign equivalent, or a GED, and have demonstrated sufficient maturity to undertake a health care profession, including the capacity to ethically and responsibly manage professional boundaries. The program is very clinically focused. There is a strong emphasis on anatomy, particularly muscle locations and attachments. Students are guided through a traditional relaxation massage in their first trimester and onto a more clinical focused, trigger point therapy massage in their 2nd and 3rd trimesters. There is also a strong focus on the business of massage as it relates to communication, ethics, professionalism, boundaries, marketing and practice building.

**HISTORY OF THE PROGRAM:** The school opened its doors to its first class in the fall of 2000. It began as an evening program. The school has since graduated five classes in four commencement exercises (the last evening class had a combined graduation ceremony with one of the day groups). Two classes have been evening classes and three have been day classes. There were many involved in creating the massage therapy program, including members of the current faculty.

**DEAN OF THE PROGRAM:** Dr. Dale Healey graduated from Parker College of Chiropractic in 1996 with a bachelor's degree in anatomy and a Doctor of Chiropractic degree. He joined NWHSU as the Dean of the School of Massage Therapy in September of 2002. He spent the five years previous to joining NW at Myotherapy College of Utah, a massage therapy school in Salt Lake City, Utah, where he was the Education Director and an instructor. Dr. Healey enjoys being involved in education and finds dealing with students exciting and energizing.

## CONGRATULATIONS GRADS

Mark S. McKenzie, L.Ac., Ms.O.M.  
Dean of MCAOM

# Minnesota College of Acupuncture and Oriental Medicine (MCAOM)

## MISSION STATEMENT

The purpose of the Minnesota College of Acupuncture and Oriental Medicine (MCAOM) at Northwestern Health Sciences University (NWHSU) is to offer professional, accredited Master degree programs in Acupuncture and Oriental Medicine, graduating practitioners who are committed to competent and compassionate patient care. In so doing, we support and promote the growth of Acupuncture and Oriental Medicine and their integration into the healthcare system of the U.S.

**EXPLANATION OF PROGRAM:** MCAOM has 104 students with 87% enrolled in the oriental medicine program. MCAOM offers two first professional masters degrees: one in Acupuncture and one in Oriental Medicine with two cohorts per year. The Oriental Medicine program includes additional studies in Chinese herbal medicine. The Acupuncture Only program consists of 2277 hours taken over two and two thirds years (8 trimesters). The Oriental Medicine program consists of 2817 hours taken over three years (9 trimesters). The program includes 480 hours in western biomedical courses, 625 (Acupuncture Only) and 780 (Oriental medicine) hours of hands on clinical observation and internship. Students have the opportunity to observe and intern in several locations throughout the Twin Cities. Teaching clinics are located on campus in Bloomington and in St. Paul at our Highland Natural Care Clinic.

**HISTORY OF THE PROGRAM:** MCAOM, initially called the Minnesota Institute of Acupuncture and Herbal Studies (MIAHS), was founded in 1990 by Edith Davis, a practicing acupuncturist in the Twin Cities. MIAHS succeeded in graduating its first class and obtaining candidacy status for accreditation in 1994. The programs continued to develop, but Edith and the governing board realized that the school had to grow if it was going to achieve and exceed national educational standards for acupuncture schools. Concurrently, NWHSU was looking to expand its professional program offerings, so negotiations began between the two entities. In 1999, MIAHS received accreditation and moved to the NWHSU campus. In early 2001, MIAHS officially merged with NWHSU and became the Minnesota College of Acupuncture and Oriental Medicine.

**DEAN OF THE PROGRAM:** Mark S. McKenzie, L.Ac., Ms.O.M., Dipl. Ac., Dipl. CH, NCTMB, has been Dean of MCAOM since September, 2003. Mark has provided a unique combination of business skills, direct management experience and licensure as an acupuncturist and Chinese herbologist to the MCAOM program. Mark has been an acupuncturist in the Twin Cities since 1999, graduating from the Minnesota Institute of Acupuncture and Herbal Studies (MIAHS) in 1999 and then obtaining a master's degree in Oriental medicine from MCAOM in 2002. For two years prior to accepting his current position, Mark worked part-time as an acupuncture practitioner and clinic supervisor in the Edith Davis Teaching Clinic. Mark is also a massage therapist and has a Bachelor's degree in biology and computer science.

# Student Senate

We have worked hard to change the outlook of the students, to make this a place people enjoy, where their voices are heard and change is implemented. We have worked to build bridges with the Students, Faculty, and Staff of all three programs. We also have tried to provide events that support our mission and that of the University.

## MISSION STATEMENT

"Functioning as a liason between the student body and the natural health community, we endeavor to continually improve the student experience."

### Club Officers:

President: Cody Hoefert

Vice President: Angie Denkinger (Chiropractic),  
Jen Wenborg (MCAOM),  
Kari Larson/Lindsey Kempfert  
(Massage)

Secretary: Terry Shinabarger

Treasurer: Shelly Schochenmaier

Parliamentarian: Heather Bjugstad

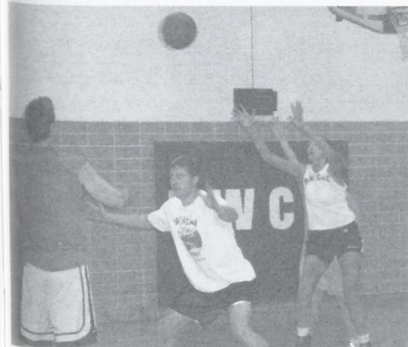

## Highlights of Goals Accomplished:

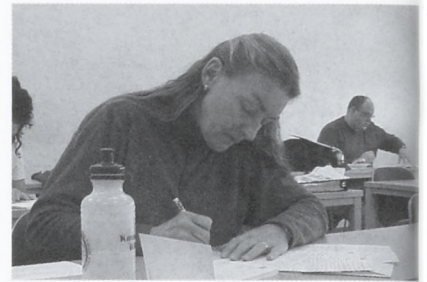

1. Became a University Student Senate!!
2. Pool Temperature lowered to 84 degrees.
3. Summer Jam was successful w/o complaint
4. Large clock was installed in the pool
5. Student Lounge: new ceiling fans, air conditioners, re-painted, re-carpeted, open weekends, security system installed, new blinds
6. Popcorn was served during mid-terms week
7. Comedy Night
8. Dr. Thornhill seminar
9. Blood Drives
10. Mash Notes delivered
11. Faculty/Staff Appreciation Day
12. Business Based seminar
13. ALS walk
14. Senate portion of Student Handbook re-written
15. More stools for methods labs
16. New treadmill for fitness center
17. New SACA office next to Senate office
18. Food Drives
19. Intramurals: Sand Volleyball, Ultimate Frisbee, Co-ed Basketball, Flag Football
20. Halloween Party
21. Bagels/Juice provided before National Boards
22. Board reviews organized
23. Ronald McDonald house pop tab drive
24. Toys for Tots

Sean Chartier - Fitness Center Director

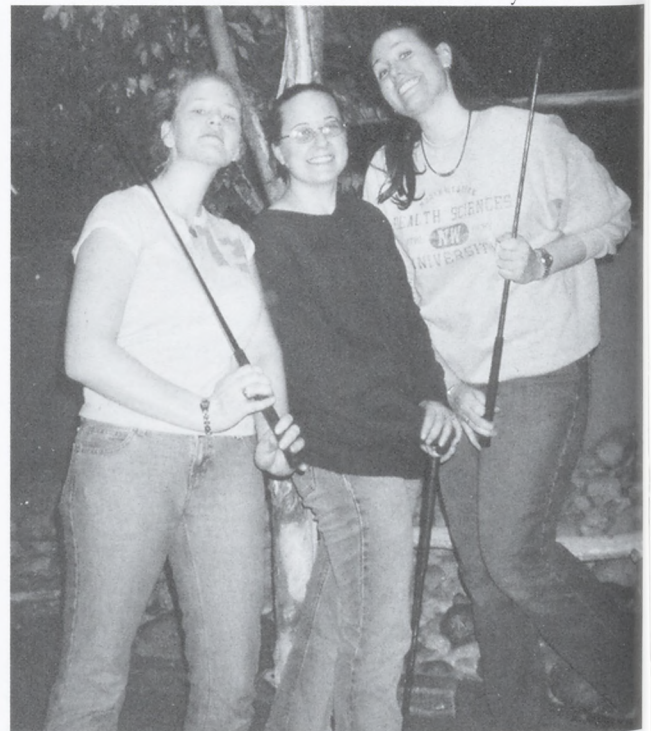

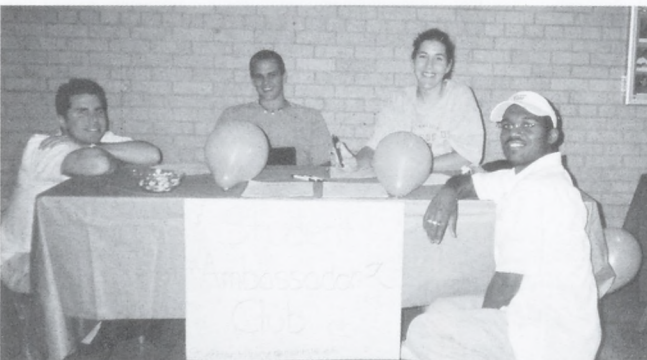

# Student Ambassadors

Provides an outreach program to future Northwestern students and ease the entrance into the University by providing exposure to the campus and to a student's "way of life." Promotes the chiropractic, acupuncture and massage profession and Northwestern Health Sciences University organized events.

Officers of the Club:

Co-Presidents: Rose Schiavi & Shannon Wyman

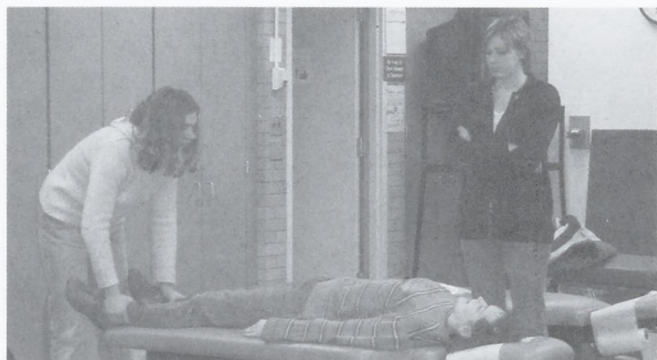

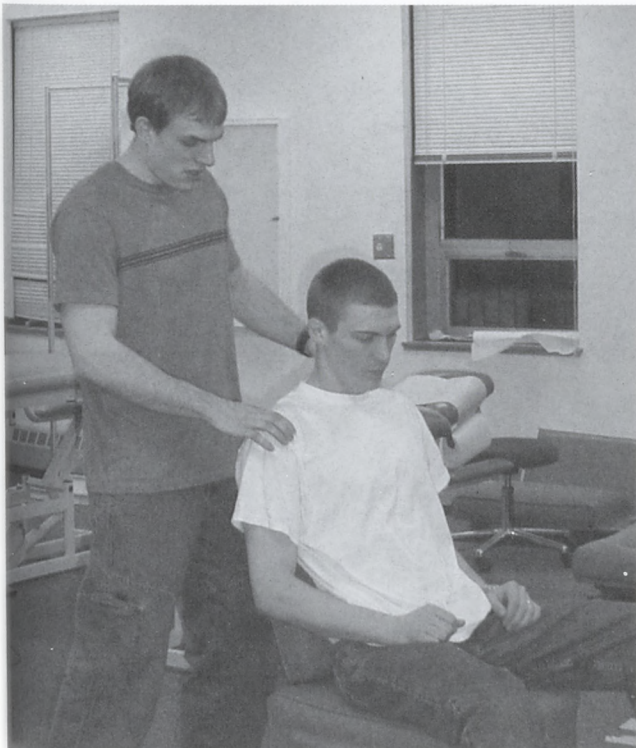

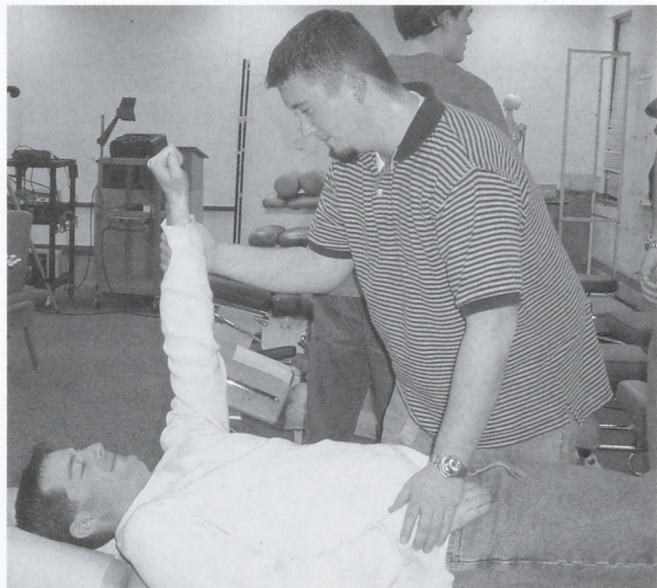

# Applied Kinesiology

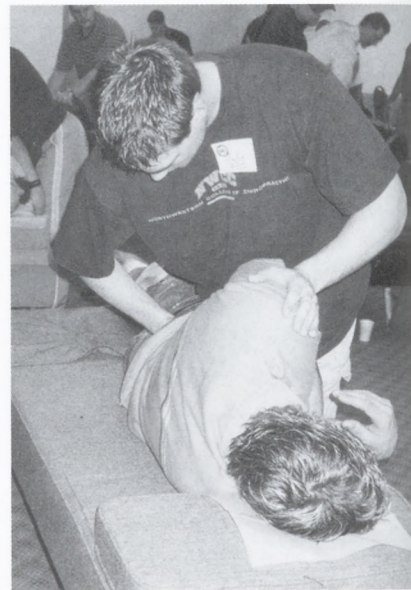

Studies the concepts, theories, and procedures of Applied Kinesiology and assesses their relevance to the practice of chiropractic.

Officers of the Club:

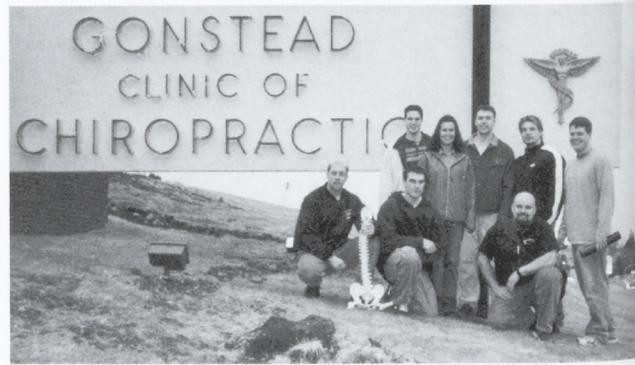

President: Brant Larson

# Gonstead

The Gonstead Technique Club is dedicated to the teaching and practice of Dr. Clarence S. Gonstead's original work. The Gonstead System utilizes an intricate means of the detection of the vertebral subluxation and further's chiropractic's foundational principle through a specific approach to its correction. Above all, it allows the student practitioner to ascertain certainty in their technique.

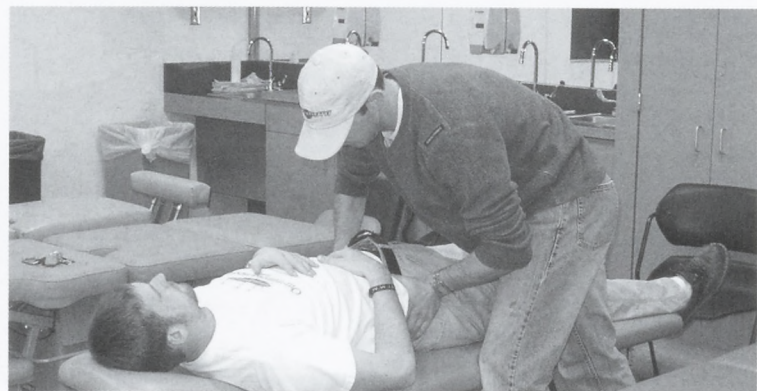

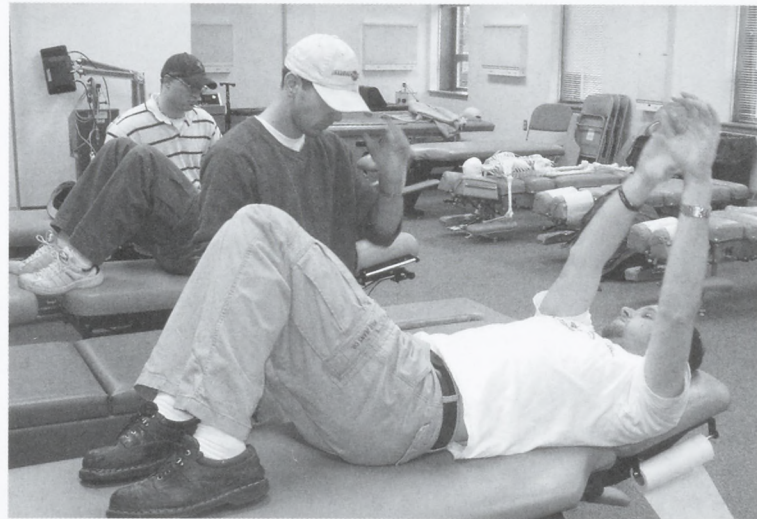

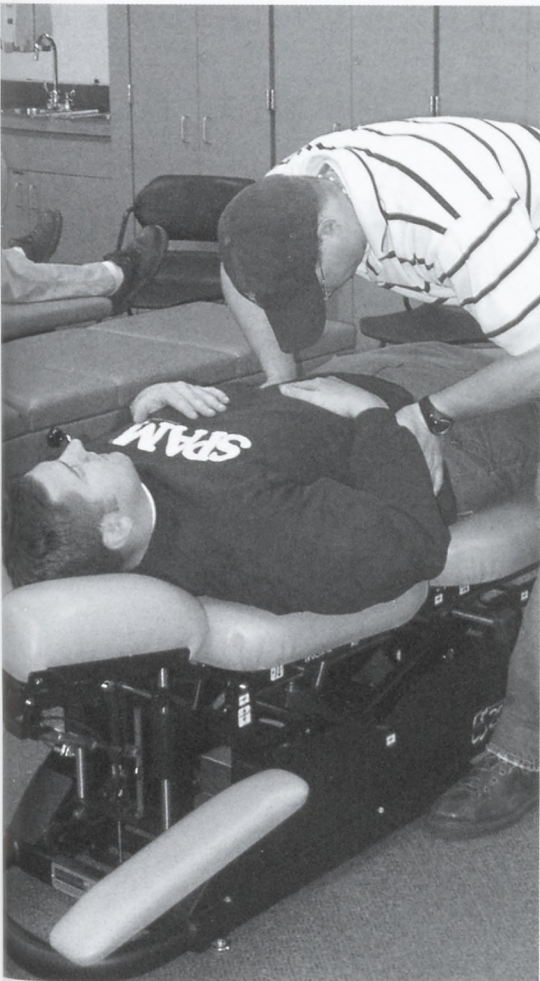

# Motion Palpation

Motion Palpation club has had an exciting year! Our biggest goal is to help students get their hands on as many people as possible in order to develop excellent palpation skills. This year we developed our low back, pelvis, and extremity palpating and adjusting skills, learned how not to be fooled by the great imitators of disc disease, and through MPI's sister organization "Movement Systems", we delved deeper into the functional biomechanics of the lumbopelvis and lower extremity. Special thanks to Drs. Mark King, Terry Elder, Joel Johnston, Eric Eiselt, and Jeff Rich. We greatly appreciate your help!

Officers are from left to right: Dan Osborne, Kristina Fruechtel, Andrew Pierce, and Chad Niemeier

# On Purpose

The On Purpose Club is here to inspire, support, and broaden the communication skills and chiropractic knowledge of the student body in relation to contemporary issues. It is to:

- 1) instill in students the history and philosophy of their profession;
- 2) discuss and bring to awareness major issues and current events affecting the chiropractic profession;
- 3) teach and learn practice management issues.

## Club Officers:

President: Scott Hahn

Leah Underdahl, Dan Sullivan,  
Ben Rall, Heather Bjugstad and  
Andy Kuecher

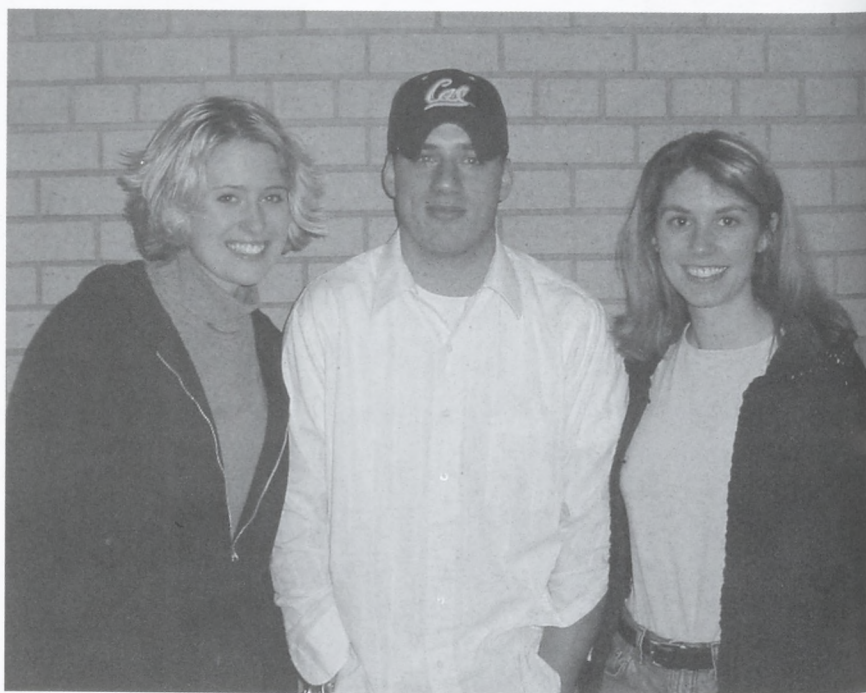

# Holistic Club

The Holistic Club prepares students for the chiropractic vision of the millennium in which chiropractors address the mind, body, and spirit aspects of their patients. Their purpose is to introduce students to non-destructive ways to handle stress and how to maintain and live healthy lifestyles.

## Club Officers:

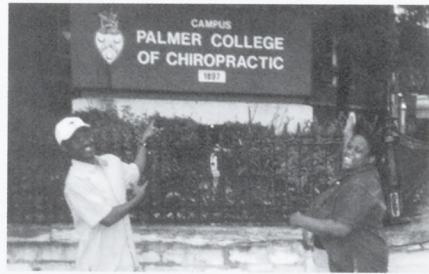

President: Leah Underdahl

Josh Anderberg and Courtnee  
Zobac

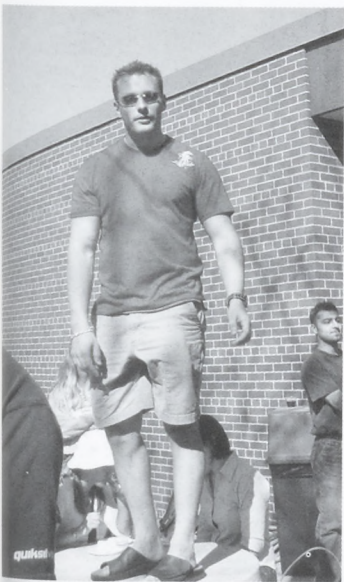

# Student American Black Chiropractic Association

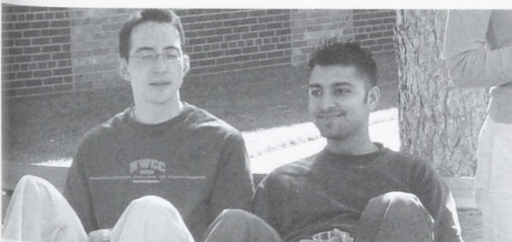

The purpose of SABCA is to promote chiropractic in the under-represented black community. This past year we have been active in the High Schools in Minneapolis on their career days. We have also teamed up with some black chiros in the field to get out in various communities to promote chiropractic. Any member of the group is on call to give a brief talk about chiropractic for various organization that have an interest or a timeslot to be filled at events. Also we have organized a round table discussion with other chiros entitled, "If I would have known then, what I know now." We are also very active in the ABCA, the national organization and other SABCA chapters across the nation.

# Student American Chiropractic Association

The Student American Chiropractic Association is a professional organization representing future and present Doctors of Chiropractic. Its mission is to preserve, protect, improve and promote the chiropractic profession and the services of Doctors of Chiropractic for the benefit of the patients they serve. The purpose of the ACA and SACA is to provide leadership in health care and a positive vision for the chiropractic profession and its natural approach to health and wellness.

This Northwestern Chapter works to accomplish its mission by fundraising to attend the National Chiropractic Legislative Conference in Washington, D.C., the ACA annual House of Delegates meeting, and to donate financially to the ACA. Our donations go toward the Legal Action Fund, the Political Action Committee, and to Chiropractic research. To date, the Northwestern SACA Chapter has donated \$18,000! This Chapter works to form a positive vision of the profession through its Community Outreach Programs, and Northwestern SACA is well known for its letter writing campaigns on the state and national levels to further our patient's and profession's rights.

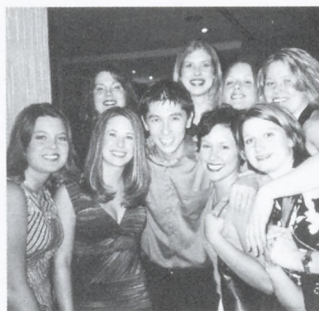

Officers of the club are the following:

President: Rob McCoy      Vice-President: Andrea Schaaf  
 Secretary: Becky Jensen      Legislative Rep.: Dave Haas  
 Treasurer: Kayla Kieser

National Officers were the following:

National Leg. Chair: Valerie Skow  
 National Vice Chair: Ryan Mayeda

# SACA

# Sports Council

Sports Council's primary objective is to advance in every way, the prevention, chiropractic management, and rehabilitation of athletic injuries by the chiropractic profession. Qualified members provide hands-on treatment at various athletic events and tournaments.

Officers of the club are the following:

- President: Sara Donahue
- Vice-President: Kim Leis and Heather Pritchard
- Treasurer: Angie Denkinger
- Secretary: Brad Sternke

# Northwestern Women in Healthcare

Northwestern Women in Healthcare serves to provide awareness, opportunities, and support for students of NWSU. This group expands their horizons through special exhibits, seminars, and guest speakers.

# Yearbook

This year's yearbook, or rather yearsbook, turned out to be an interesting journey to its publication. Constantly trying to make the next deadline proved challenging, yet rewarding at the same time. When we, the editors, took on this feat, we were not aware that it was going to cover 5 trimesters instead of the normal 3 and include all programs (Chiropractic, Acupuncture, Oriental Medicine, and Massage Therapy). Since both of us are chiropractic students, we initially had a crash course in the other programs and what they entail. This has given us the opportunity to make many connections and friendships within the makings of the whole university and we are very thankful for this.

Editors: Becky Jensen & Kayla Kieser

This is the first University yearbook and we hope that all who see this will be able to look back upon their years here at Northwestern and remember how much our school was changing and growing at this time. We also hope that you may use this to remember old friends, teachers, and classmates and to utilize it as a tool to make connections with the other health care practitioners, whether it be a Chiropractor, Acupuncturist, Oriental Medicine Practitioner, or Massage Therapist, that came from Northwestern in the future.

## Yearbook Staff:

Editors - Becky Jensen

- Kayla Kieser

Part-time Photographer - Mai True Lee

Advisor - Emily Tweed

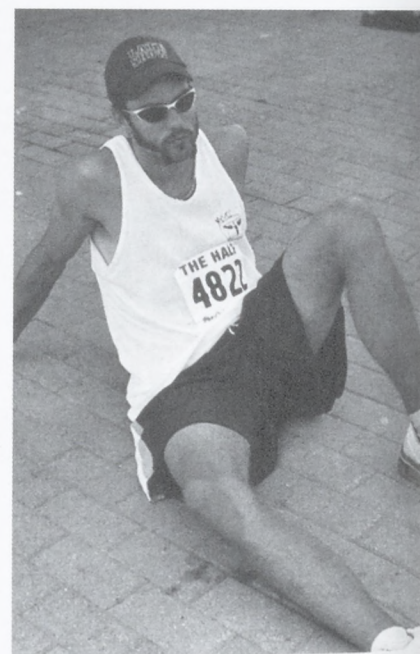

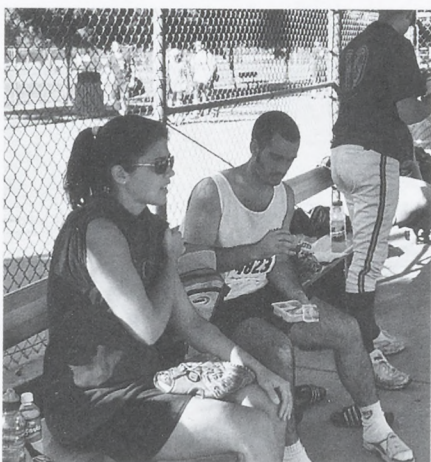

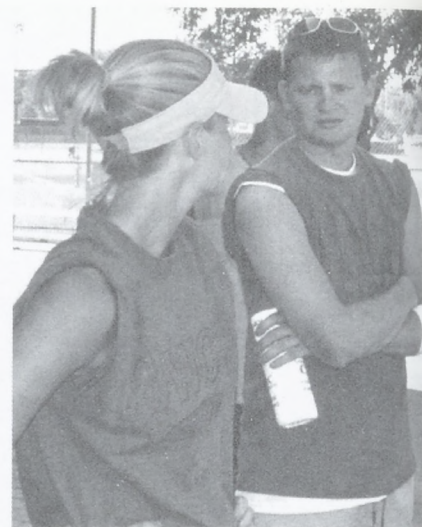

\*\*A special thank you to Arne with the Audio-Visual Department, Don Yerhot and Andrea Kodner-Wenzel with the Information Technology Department, our advisor Emily Tweed, John Healy with the Communications Department, Maie True Lee, Student Senate, and Andi Schaaf for their continued help and support! We couldn't have done it without you! Thanks a million, Becky and Kayla

## BIOFREEZE® HELPS CHIROPRACTOR ATTRACT SIX NEW PATIENTS IN JUST ONE PRESENTATION.

### The Mosenthal Clinic

Spine, Sports & Wellness Center

Dear Biofreeze,

I was asked by our local senior center to present a talk about the benefits of chiropractic care. After my presentation I told the audience that we recommend Biofreeze above all the other topicals including Aspercreme, BenGay, Mineral Ice, etc.

Two days prior to my talk you had sent me a box of Biofreeze samples/pamphlets with my name and telephone number. I left the entire box on the table and told the audience that they could try the Biofreeze if they were interested. By the time I left the center, the entire Biofreeze box was empty. The following day I had 6 new patients. When I asked them if it was my "outstanding presentation" that convinced them to try chiropractic, all six replied that if I was smart enough to recommend Biofreeze then they were willing to give me a try.

Thank you Biofreeze for a great product.

Sincerely,

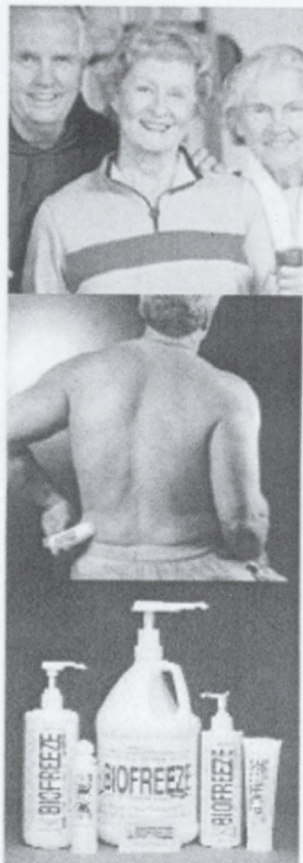

*Todd Mosenthal*  
Todd Mosenthal, DC

P.S. Could you please send me a new box of samples/brochures?!

# *The* NORTHWESTERN COLLEGE OF CHIROPRACTIC *Alumni Association*

**WE'RE WORKING FOR YOU!**

**T**he Northwestern College of Chiropractic Alumni Association is an important part of the life of the College. We are in a unique position to provide advice and counsel to strengthen Northwestern's mission of excellence in education, research and service. Through the association, alumni are encouraged to support Northwestern and join in building a greater College for its student body.

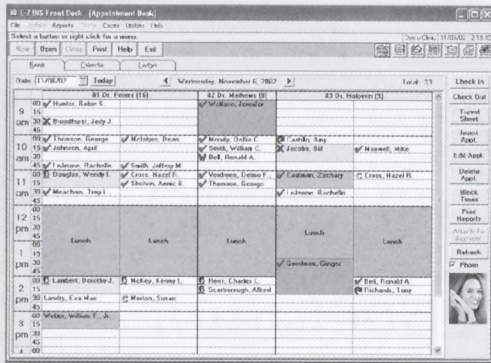

The Northwestern Alumni Association provides the College with:

- Funding of major building renovations, including the J. Lamoine De Rusha Clinical Education Center, the Greenawalt Library, and the auditorium.
- Support of the Career Services Center.
- Student Emergency Loan Program.
- Student scholarships.
- And of course, the annual Spaghetti Feed, hosted each December by the Alumni Association for students.

We plan to continue providing service to the College and its students and we hope you will join us upon graduation and become a member of the Alumni Association. No matter where your career in chiropractic takes you through the years, you will always be a part of the Northwestern family.

For more information, contact Debbie Peterson, director of Alumni and Career Services, at ext.412. Or stop by Room 11 on the lower level.

# Now, E-Z BIS Office is Even Better!

- ✓ Simple to learn and use
- ✓ Chiropractic-specific
- ✓ Modular design for maximum flexibility
- ✓ Multiple doctors / multiple clinics
- ✓ Appointment system with enhanced *Book View*
- ✓ Fast, dependable billing—paper or electronic
- ✓ Built-in word processing with mail-merging
- ✓ Highly advanced SOAP note system
- ✓ Built-in multimedia tutorial
- ✓ Professional, experienced support team
- ✓ 30-day money back guarantee

What was *already* the premier chiropractic office management software is now even more improved! Version 5.0 adds many new features to make your office more efficient and your job easier. The new *Book View* makes appointment scheduling a snap. With a quick glance, you can see how the entire day looks . . . including the length and current status of each appointment. Special types of appointments such as new patient appointments or re-exams can be color-coded for easy identification.

You'll never use a paper appointment book again!

Another great new feature in E-Z BIS Office version 5.0 gives users the ability to view *digital patient photos* to help with patient identification. Plus, there are dozens of other new features to make E-Z BIS Office the best choice for chiropractic office management software. Call today to find out more about E-Z BIS Office 5.0!
